Mow-tercycle - \$300 (Mt Vernon)

image 1 of 5

We combined an 8HP riding mower with a vintage Rupp mini-bike and my grandson has ridden it all over the place. Now he's outgrowing it. Runs good, electric starter, good battery, handles fine and is only as fast as the riding mower originally was so it's relatively safe. Would make a good kids ATV

Mow-tercycle

fuel: gas

transmission: manual
